Pallavi Chiluveru

Student at Anurag University

Hyderabad, Telangana, India

Summary

I am a sophomore pursuing Internet of Things (IoT) at Anurag University, with a strong interest in building impactful and scalable software solutions. I specialize in developing web applications using the MERN stack and enjoy transforming ideas into real-world products. My focus lies in problem-solving, writing clean and efficient code, and continuously improving my technical skills. I am passionate about exploring new technologies, working on innovative projects, and growing towards becoming a tech lead who can design, build, and lead high-quality software systems.

Experience

Coding club AU
